C. READING

IX Read the text carefully and do the exercises given.

Everybody loves movies. We see them at theatres and we watch them on TV. They are popular with children and adults, too. We can learn from them or we can have a good time watching them.

We also call movies 'motion pictures'. 'Motion' is a noun for 'moving'. People tried to show motion in pictures for centuries. Even prehistoric artists showed animals running in their cave pictures.

Near the end of the 19th century, several Europeans and Americans tried to make movies. No one knows who made the first one. New York City had the first movie theatre in 1894. People put money in a small machine and looked into it at the movie. By 1900, movies were popular all over Europe and the United States. They were not very good, but people liked them because they were new and different.

Every year people invented ways to make movies better. They invented machines to show the pictures on a screen. Then everyone could see the motion pictures on the front wall of a theatre instead of inside a small machine. In 1927, inventors add sound to movies. Then they added color.

Today it costs several million dollars to make a movie. However, movie makers collect million dollars from people at movie theatres because everyone loves movies.

FESTIVALS

Although there are many celebrations throughout the year, Tet or the Lunar New Year holiday is the most important celebration for Vietnamese people. Tet is a festival which occurs in late January or early February. It is a time for families to clean and decorate their homes, and enjoy special food such as sticky rice cakes. Family members who live apart try to be together at Tet.

Passover is in late March or early April. This festival is celebrated in Israel and by all Jewish people. On this festival, people celebrate freedom from slavery. Passover is also an ancient spring festival. On the first and second nights of Passover, Jewish families eat a special meal called the Seder.

Easter is a joyful festival which is celebrated in many countries. It happens at around the same time as Passover. On Easter Day (Easter Sunday), young children receive chocolate or sugar eggs – as long as they are good. In many countries, people crowd the streets to watch colorful parades.
